

Sistema per serramenti
scorrevoli in alluminio a
taglio termico

panoramico

alsistem.com

Nodo ridotto

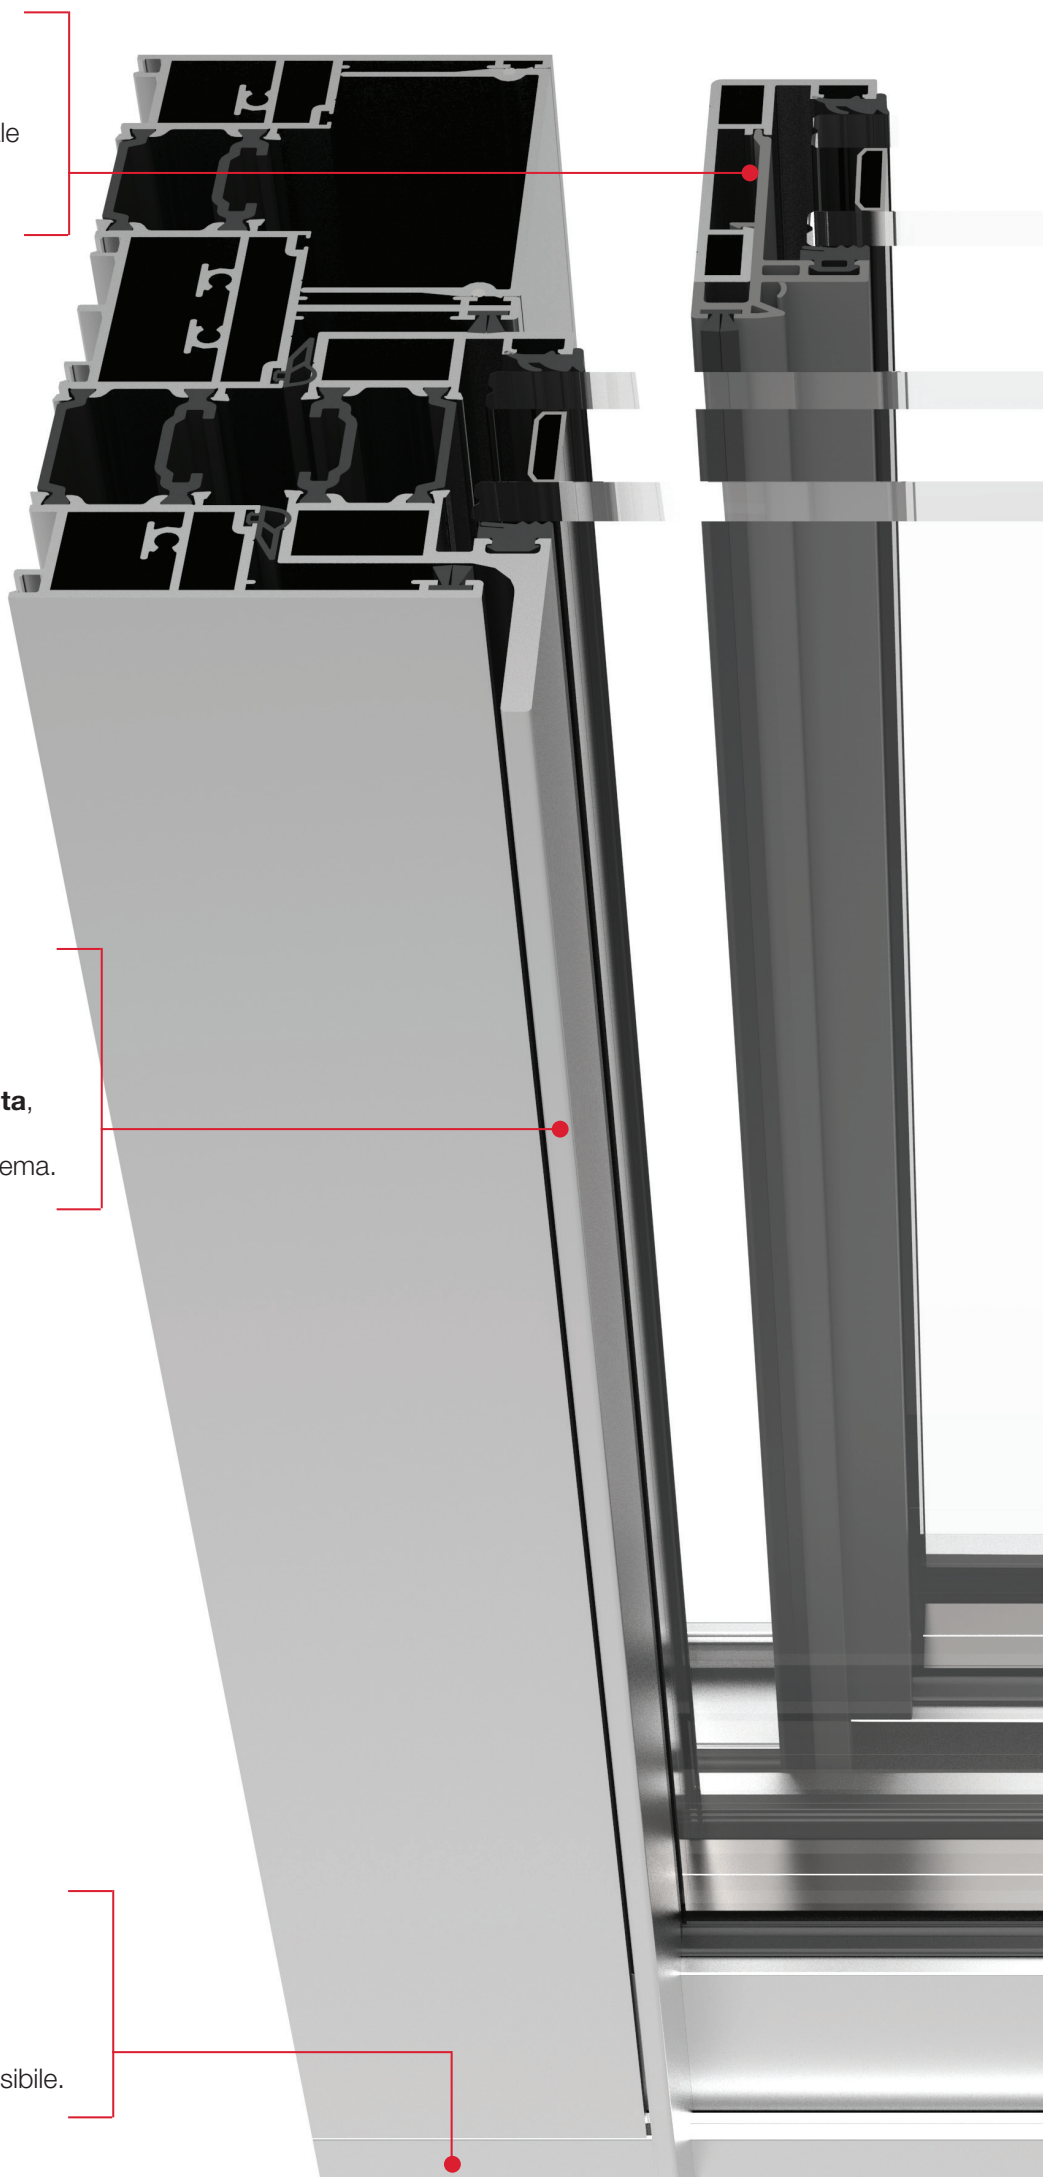

La mostra architettonica del nodo centrale è stata ridotta a 30 mm così da lasciare spazio al vetro.

Profilo/maniglia

Con la sua semplicità, la **maniglia integrata al profilo dell'anta**, si adatta perfettamente allo stile minimalista che ha ispirato il sistema.

Soglia nascosta

Il Panoramico offre la possibilità di creare una soluzione a filo pavimento, in cui la soglia risulta completamente invisibile.

Minimal design

Panoramico è lo scorrevole dalla mostra architettonica ridotta al minimo e in cui l'alluminio lascia spazio ad ampie specchiature.

Panoramico is the minimal design sliding system where aluminium lets glass take the leading role.

Il sistema è espressione di elevata qualità e cura dei particolari, in linea con il gusto e le esigenze estetiche contemporanee.

The system is expression of high quality and care of details, according to the contemporary taste and aesthetic demands.

Serie scorrevole a taglio termico marcata CE - *Sliding thermal break series CE marked*

Sezione telaio 160 mm - *Frame depth 160 mm*

Sezione anta da 64 mm - *Leaf depth 64 mm*

Mostra architettonica nodo laterale 78 mm - *Lateral section profile 78 mm*

Mostra architettonica nodo centrale 30 mm - *Central section profile 30 mm*

Sistema di tenuta spazzolino con pinna in tessuto - *Sealing system brushes with tissue fin*

Sistema di isolamento termico con poliammide da 32 mm - *Thermal insulation system made with 32 mm polyamide spacers*
